Dear Families,

Florida Statutes 1012.42 requires that schools each year notify parents about teachers in the school. Teachers are expected to meet many different requirements. Because all teachers have not yet met all these requirements, we are identifying specific situations below.

Some teachers are teaching out of field. This means they are teaching a subject for which they have not yet met specific certification requirements including English for Speakers of Other Languages (ESOL). There are many reasons a teacher may be teaching out of field. Some subject areas have many requirements such as requiring certification in both regular education subjects and special education subjects. Also, some subject area teachers in secondary schools may be required to be certified as reading teachers as well as general education teachers. All of our teachers are working toward becoming certified in each of the required areas. Teachers teaching out of field are shown with the subject area(s) listed in the Out of Field column.

Oasis Elementary South have outstanding teachers, all of whom are carefully selected. We provide a variety of staff development activities each year to add to the skills and knowledge of our teachers. We are proud of the teachers that are here to serve your child and we pledge to continue our efforts in meeting all the needs of the students.

Sincerely,

Dear Families,

Florida Statutes 1012.42 requires that schools each year notify parents about teachers within our school that are teaching out of field. Teachers are expected to meet many different requirements for the courses they may teach. Because all teachers have not yet met all these requirements, we are identifying specific situations.

Out of field means a teacher is teaching a course for which they have not yet met specific certification requirements including English for Speakers of other Languages (ESOL). There are many reasons a teacher may be teaching out of field. Some courses have many requirements such as requiring certification both in regular subjects and special specific subjects. Also, some subject area teachers in secondary schools may be required to be certified as reading teachers as well as general education teachers. All our teachers are working toward becoming certified in their required areas. Teachers teaching out of field are shown below with the subject area(s) listed in the "Out of Field" column.

Oasis High School has outstanding teachers, all of whom are carefully selected. We provide a variety of professional development activities each year to add to the skills and knowledge of our teachers. We are proud of our teachers that are here to serve your child and we pledge to continue our efforts in meeting the needs of all our students.

Respectfully,

Jackie Corey
